

Canterbury High School: Visit the School website www.canterburyschool.org

Canterbury School is an independent, coeducational day school offering a college preparatory education to students in Early Childhood through Grade 12. The school seeks to enroll students of diverse talents and backgrounds. Canterbury promotes the total development of each child in his or her intellectual, physical, social and spiritual growth.

We believe students should develop a strong and broad base of knowledge, a genuine love for and appreciation of the challenges of learning, and an understanding of the implications of Christian principles in their daily lives

Diversity

We believe that our school community and its members are enriched by understanding and respecting the differences and uniqueness in all people. We further believe that we should initiate and support programs, practices and curricula that promote the diversity of the world in which we live and are consistent with the school mission.
